Review Process for Listed Organizations:

Organizations listed on this site have completed the following three-step review process (1) provided IRS documentation verifying 501c3 non-profit status (2) submitted a self-certification form (To review the form, visit: http://www.ourmilitary.mil/pdf/Application_Form.pdf) (3) been reviewed by at least two independent charity evaluators or the Combined Federal Campaign (CFC) and one independent charity evaluator.

While DoD does not endorse any specific charity evaluator, the following organizations provide a variety of different reviews and promote transparency for you, our visitors, as you seek to learn more about community-based support for our servicemembers and their families. To learn more about a non-profit organization, visit the Web site of the charity evaluation organizations noted in parenthesis next to the group, and use the search function by typing in the group's name. Please note that although the CFC is not a charity evaluator, and does not have an organization search function on its site, it does vet charities against regulatory standards. Check your local CFC charity brochure for a list of participating organizations.
